Visitor Profile

- Self-employed / Business owners
- Managing Directors / Board Members
- Operation & Production Managers
- Department & Group heads
- Salaried workforce
- Consultants & Govt bodies
- Others

Visitor Demand

- Machinery
- Auxiliary Equipments
- Raw Materials
- Moulds & Dies
- Semi Finished / Finished
- Others

Exhibitor Categories

Raw Materials

- ✧ Polymers
- ✧ Composites & Reinforcing Fibers
- ✧ Engineering Plastics
- ✧ Foams & Intermediates
- ✧ Rubbers
- ✧ Thermosets

Additives & Compounds

- ✧ Antifogging Agents
- ✧ Anti-Static Agents
- ✧ Coating Compounds
- ✧ Colour Pigments & Masterbatches
- ✧ Compounds
- ✧ Conductive Plastics
- ✧ Fillers & Reinforcement
- ✧ Speciality Chemicals
- ✧ Thermoplastic Elastomers (TPE)
- ✧ Adhesives & Glues
- ✧ Synthetic Fibres

Manufacturing Machinery

- ✧ Injection Molding Machines
- ✧ Extruders & Extrusion lines
- ✧ Blowing Machines
- ✧ Stretch Blow Molding
- ✧ Converting Machines
- ✧ Filling Line
- ✧ Machinery for Foam, Reactive Or Reinforcement Resins
- ✧ Multilayer Blow Molding
- ✧ Packaging Machines
- ✧ Rotational Molding Machines
- ✧ Rubber Processing Machines
- ✧ Thermoforming Machines

Flexible Packaging Pavilion

- ✧ Automotive Parts
- ✧ Housewares/ Kitchenwares
- ✧ Packaging Products
- ✧ Plastic Pipes & Pipe Fittings
- ✧ Electrical Components & Appliances

Automation

- ✧ Automation Systems
- ✧ Sensor Technology
- ✧ Robots

Ancillary Machinery

- ✧ Accessories / Components
- ✧ Chillers/ Cooling Towers
- ✧ Compressors
- ✧ Dehumidifiers, Dryers
- ✧ Feeder-Loaders
- ✧ Heat Exchangers
- ✧ Measuring Instruments
- ✧ Hydraulic / Pneumatic
- ✧ Inspection & Quality Systems, CMN
- ✧ Instruments & Controls
- ✧ Process Control Complete Systems
- ✧ Quality Control & Testing Machinery
- ✧ Material Handling Equipment
- ✧ Pumps

Post Processing Machinery

- ✧ Bag & Sack Making Equipments
- ✧ Measuring & Test Equipments
- ✧ Parts & Components
- ✧ Printing & Finishing Machines
- ✧ Plastic Welding Equipment
- ✧ Pad Printing
- ✧ Offset Printing Machines

India Molds Pavillion

- ✧ 3D Printers & Supplies
- ✧ Blow Molds
- ✧ CNC Milling / Machining Centre, EDM
- ✧ Hot Runner System
- ✧ Injection Molds - Thermoplastics
- ✧ Mold Bases & Mold Parts
- ✧ Rotational Molds
- ✧ Surface Treatment
- ✧ Tool Room Machines
- ✧ Tool Steel

Finished Goods

- ✧ Automotive Parts
- ✧ Housewares/ Kitchenwares
- ✧ Packaging Products
- ✧ Plastic Pipes & Pipe Fittings
- ✧ Electrical Components & Appliances

Recycling

- ✧ Bio-Polymers Manufacturers
- ✧ Compostable Producers
- ✧ Plastic Recyclers
- ✧ Plastic Waste Solution Providers, Collection & Processing Agencies
- ✧ PWM Implementing Agencies (Governments, central & state pollution control boards)
- ✧ Recyclate Traders
- ✧ Recycled Product Manufacturers
- ✧ Recycling Machinery Manufacturers

Start-ups

Services

- ✧ Financial Institutions
- ✧ Fire & Safety Equipments
- ✧ Land Banks

PVI 2023 Testimonials

Unmesh Nayak
COO Polymers

PVI2023 was a resounding success for Reliance Industries . We had a huge footfall of Customers on all days . This was the first exhibition where we displayed our offerings in the Health & Hygiene segment and launched our Post Consumer Recyclate offerings at the expo. Another unique feature at PVI 2023 was the B2B interaction with International Customers. This offered us a platform to interact with potential customers and will definitely convert into long term sustainable business . I congratulate PVI committee for a super show .

Saugata Chaudhuri
Head – Petrochemicals

Plastivision has been one of the major shows related to the complete ecosystem of industries related to plastics and HPCL's Petrochemicals Team benefitted richly from our participation in Plastivision 2023. The event enabled effective networking and relationship building across a vast diaspora of industry participants and helped enhance the visibility of our brand – DURAPOL®. The focused audience helped us generate high-quality leads and provided valuable insights into industry dynamics. Engaging directly with attendees allowed us to conduct real-time market research, gain information about customer preferences and emerging trends in the market. HPCL is coming up with a greenfield refinery cum petrochemicals plant near Jodhpur, Rajasthan (Pachpadra) with 9 MMTPA Refining and 2.43 MMTPA Petrochemicals capacity. This plant, which will produce 2 MMTPA Polymer, is set to commence production in FY 2026-27. As we go forward, we will continue to engage with national level events like Plastivision which provide an excellent platform for customer engagement and market outreach

Meela Jayadev
Director

Plastivision 2023 once again proved to be an exceptional platform for showcasing our latest innovations and engaging with industry leaders from around the world. As a proud sponsor for the past four editions, we have witnessed the event's consistent growth and its pivotal role in advancing the plastics industry. The extensive footfall, high-quality interactions, and global exposure have consistently provided substantial value to our organization. We are pleased to continue our association as a sponsor for Plastivision India 2027 and look forward to contributing to the continued success of this esteemed event.

Shivam Bansal
Director & CEO

Plastivision 2023 has been a remarkable platform for JJ Plastalloy to connect with industry leaders from around the world, showcasing our innovative masterbatch and polymer solutions. Having participated in the last four editions, we have witnessed how Plastivision continues to evolve as a leading exhibition, driving meaningful conversations and industry advancements. This event enabled us to engage with both existing partners and new prospects, while showcasing our problem-solving masterbatch solutions for the plastics sector. The overwhelming footfall and the quality of interactions reaffirm the importance of Plastivision as a cornerstone for the industry's growth. Congratulations to the Plastivision team for organizing such a phenomenal event. We eagerly look forward to participating again!

Ashok Kapoor
Director

Plastivision 2023 was an exceptional platform for Kaptiva to showcase our latest innovations and connect with key players in the plastics industry. The event provided us with valuable networking opportunities, insightful conversations, and potential collaborations that will drive our growth. We are so hugely impressed with Team Plastivision working selflessly for the growth of the industry, we decided to support the event by becoming a Sponsor. Kudos to the Plastivision team for organizing such a successful and impactful exhibition.

Ivan Lavelli
Export Manager
Pet - Closure -
Containers - Beverage

Participating in PLASTIVISION was a highly rewarding experience for SACMI. As one of the most influential international plastic exhibitions in India, it provided an unparalleled platform to connect with industry leaders. We look forward to returning in 2027!

Jagdish Kamble
Managing Director

The show was very good! A lot of domestic customers were spotted. We demonstrated our drip irrigation machines and recycling machines. We received enquiries and orders for both machines that were displayed.

Sandip Kumar Singh
CEO

Plastivision always has been one of the most influential exhibitions in India for Plastic sector and Plastivision 2023 has taken this event to another level. There was no better platform for Ishitva to launch its industry defining autonomous MRF Sanjivani than Plastivision 2023. We created strong awareness about our solutions in plastic recycling industry and also created influence in entire waste management sector.

Vishal Agarwal
President

This Plastivision edition has lived upto the expectations, it was great to see the large no. of customers participation from OEM's to Molders, Tool Makers and band owners from such diversified segments like Automotive, Packaging, Electronics etc had visited the Exhibition which is not easy to find in any one event.

Aditya Jayakar
Managing Director

This exhibition has offered our company a prestigious platform to showcase machines to visitors from all over the country and abroad. The organizers of the Plastivision are extremely helpful and efficient, more so sensitive to our specific needs for exhibiting our products. We regularly participate in Plastivision exhibition and we look forward to participating in 2027.

TOP REASONS TO SUPPORT **PLASTIVISION 2027**

- Western India processes over 60% Plastic
- Plastic Positive campaign to save future
- AIPMA, established in 1945, is India's largest and oldest apex body for the plastics industry
- AIPMA is not for profit Association, all resources dedicated for industry cause
- AIPMA's AMTEC : Your training partner
- AIPMA's Environment Committee : advocating for simplification of EPR regime, working to improve image of plastic industry
- AIPMA's Export promotion & Import replacement Conferences
